A Complete Record.

From 1857 to the Present Time, 1904, 47th Year

The Products of

BORDEN'S
Condensed Milk Co.

have led in quality. The continual yearly increase of our output demonstrates this beyond question. Our goods have always taken the HIGHEST AWARD wherever exhibited, besides receiving the patronage of the most discriminating buyers.

Our testimonials are always up-to-date, and up-to-date buyers and users know that

Borden's Eagle Brand CONDENSED MILK and

Borden's Peerless Brand Evaporated Cream

are the very best in respect to richness, purity, quality and flavor.

Our Evaporated Cream does not have that scalded flavor so distinctly objectionable in others, and it does come the nearest to rich, pure, fresh milk that you can get in a sealed can.

THE SUPERIORITY OF

HIGHLAND BRAND EVAPORATED CREAM

is readily apparent to those who have used it. It is simply full cream cows' milk, which has been produced and handled in the most sanitary manner, partly evaporated, put up in clean cans of our own make and completely sterilized. It has a heavy, cream-like consistence, also a smooth and glossy texture and excellent flavor seldom attained by competing brands. Its keeping quality is simply perfect in all climates.

It thoroughly takes the place of either fluid milk or dairy cream.

FOR TABLE USE

that is to say for coffee, cocoa, tea, cereals, or fruits.

FOR COOKING

in oyster stews or for any other purpose.

FOR ICE CREAM

and particularly

AS A FOOD FOR INFANTS AND INVALIDS.

FOR TOILET AND BATH

HAND SAPOLIO

A PURE ARTICLE, FREE FROM ANIMAL FATS.

Does what soap cannot do, by a method of its own. If you want a "velvet skin" don't PUT ON preparations, but TAKE OFF the dead skin, and let the new, perfect cuticle furnish its own beauty.

Delicate Enough for the Baby. A Luxury to the Blacksmith. Necessary to Every Wash-Stand. Assists the Most Elaborate Toilet. An Exemplification of the Luxury of Cleanliness. Imparts the Vigor and Life Sensation of a Turkish Bath. Energizes the Whole Body, bringing a Glow and Exhilaration.
